Making Insurance Easy

How Good Beginnings Can Help You Get the Best Coverage

At Good Beginnings, we know that navigating insurance can feel overwhelming—especially when working with out-of-network benefits. That's why we do everything we can to make the process as simple and stress-free as possible. Here's how we take the burden off your plate:

We Research Your Out-of-Network Benefits for You

Before you even start, we do the legwork to find out what your insurance will cover. We'll help you understand your out-of-network benefits so there are no surprises.

We Handle All the Paperwork & Submit Your Claims

You won't need to worry about submitting claims—we take care of it for you! From start to finish, we handle all the billing and paperwork, making sure your claims are processed correctly.

We Fight for the Best Coverage on Your Behalf

If a claim is denied, we don't stop there. We follow up, appeal when necessary, and work hard to make sure you get the best reimbursement possible.

No Upfront Payments – You Pay Only What You Owe

Unlike many out-of-network providers, we don't require you to pay at the time of service. Instead, you'll only pay the remaining balance after your insurance has processed the claim. And no matter what, you'll never pay more than our out-of-network rate of \$165 per individual session.

Out-of-Network Can Sometimes Even Cost Less Than In-Network!

Many families are surprised to find that their out-of-network benefits actually make therapy more affordable than some in-network options. With strong reimbursement rates, families often pay less than they expected.

We're Here to Help! We want to make sure you get the care your child needs—without the stress of dealing with insurance. If you have any questions, we're happy to walk you through the process and help you maximize your benefits.

If you're ready to get started or want to learn more, just reach out!
